Subject: HB 5162 & HB 5163

Rep. Joseph Graves and to all Oversight Committee members.

- The MDHHS should not have the right to create rules regarding immunizations that change our state regulations without the proper public notice and hearing process.
- Our MDHHS should not have the right to mandate any immunizations be required by law.
- It is our right as parents to maintain vaccine choice in Michigan and that no child should be excluded from school due to that right.
- It is our right to seek a vaccine exemption for our children attending public school due to our choices on vaccinations.

I thank you for your time.
